**Subject: DISCUSSION REGARDING THE 2019 NEW MOTOR VEHICLE BOARD  
INDUSTRY ROUNDTABLE**

The Board has the opportunity to host the National Association of Motor Vehicle Boards and Commissions' national conference in 2019. The event will be hosted in Sacramento in September and will encompass topics relevant to our industry, including regulatory issues, as well as dealer and manufacturer related topics. The most recent national conference had over 160 attendees from the industry, including attorneys, regulators, vendors and manufacturer/distributor representatives.

The final dates for the two and a half day conference will be finalized shortly and agenda planning discussions will begin in February 2019. The Board will be able to provide input regarding the agenda and speakers and utilize the national association's resources in organizing a program that is an expansion of the usual Industry Roundtable. Therefore, the Board's Industry Roundtable event will be subsumed by the national association's conference for 2019.

This matter is being agendized for discussion at the November 7, 2018, General Meeting. If you have any questions or require additional information, please do not hesitate to call me at (916) 324-6197 or Danielle at (916) 327-3129.
